

STEP 1

First, you will have to **decode the emojis** to Taylor Swift lyrics. Each lyric comes from a surprise song that Taylor performed on her Eras Tour through the 7/7 Speak Now release weekend.

Each era is used at least once. We only repeat eras (not songs). The eras are **debut, Fearless, Speak Now, Red, 1989, reputation, folklore, evermore, and Midnights...**

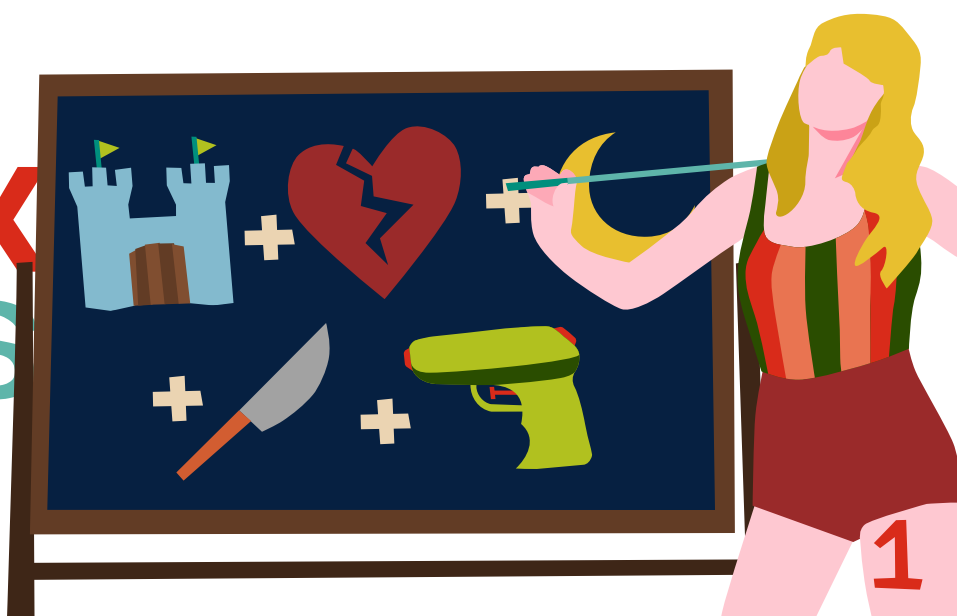

EXAMPLE:

This would decode to **“My castle crumbled overnight, I brought a knife to a gunfight”** which is from the reputation song “Call It What You Want”

STEP 2

Using the game board below, search for each of the song titles that you found. You will find the song titles horizontally, vertically, or diagonally. Sure, a die-hard Swiftie can probably find the songs without the emoji codes, but where is the fun in that?! We know you love the game.
